Sharing knowledge and experience for high-quality standards and innovation

Pilar Cáceres (INSHT, Spain), Pirjo Irmeli Korhonen (FIOH, Finland), Rüdiger Reitz (DGUV, Germany)

Cooperation of OSH experts in standardization, testing, certification and/or related research

- Feedback from the field
- Best practice
- Gaps identified
- New technologies
- Advanced products
- Further research needs
- ...

Innovation

High-quality standards

Competitiveness

Safe products

Improvement of safety and health at the workplace

Example:

Poor visibility on industrial trucks

Driver’s view...

...real situation

Requirements of the standard are not fulfilled

Discussion in EUROSHNET

Personal meeting of experts

Joint OSH effort to address problems in the standard

European Network for experts from OSH institutions involved in standardization, testing, certification and/or related research

- Discussion fora
- Experts database
- Documents database

510 registered experts
90 institutions
20 countries
