

Session 5 – Workshop G: Testing and certification and the New Legislative Framework (PPE field)

Description:

This workshop will cover the main consequences of the package of measures resulted from the NLF adopted in 2008, in particular on the PPE field. These will be presented from different points of view and the different approaches be discussed with the whole group, all with the aim to protect consumers and professionals from unsafe products.

Moderator: Pilar Cáceres (INSHT)

G.1 Consequences of the NLF on accreditation and the work of notified bodies, Karl Heinz Noetel (BG BAU)

G.2 Competitive edge from NLF, Henk Vanhoutte (ESF)

G.3 Supporting manufacturers in designing and producing safe products: the role of T&C, Eva Cohen (INSHT)

G.4 Market surveillance and border control in NLF, Katri Sihvola (TUKES - Finnish Safety and Chemical Agency).
