2 Service fees

The fees of the services are calculated as established in the OM of 6 March 1991⁵, considering two concepts:

- Administrative costs, established in 300,51 €, covering up to five different dossiers required in the same application, and
- Technical costs, that depends on the complexity of the actuation and which, for each dossier, will be evaluated in conformity with the price ranges included in the OM referred, i.e., 300,51 €, 601,07 €, 1202,15 € and 2103,77 €.

The costs due to any travelling by CNMP people to the premises of the Manufacturer, when necessary, will be charged separately from the expressed ones, in accordance with the OM referred.

In any case, a quotation will be established and submitted for its approval to the Applicant of the services.

3 Criteria for the actuations

3.1 Testing

If, during the testing operation, one negative result appears, the repetition of the test, only one time, or the conclusion of the proceeding could be considered. In any case, a new quotation of the technical costs will be produced, taking into account the variations aroused, and submitted to the Applicant for its approval.

3.2 EU-type examinations

The results of the previous tests applied by the CNMP will be used, for the same PPE type provided the relevant specifications have not suffered modification. It could, also, be used the results obtained by other Notified Bodies or laboratories accredited as compliant the EN-ISO/IEC 17025, subjected to the acceptance of those results by the CNMP, as responsible of the certification process.

It will not be issued any EU-type certificate extension for other applicant different to which the original certificate was issued.
